GENERAL CAMPUS DISCIPLINARY GUIDELINES

Parent Contact is required within 24 hours when a student is brought into the office regarding any disciplinary issue.

*AHHS Teachers* are expected to handle the first level of classroom consequences with the following:

1. Conference with student
2. Communication to parent about specific incident(s)
3. Written referral to the office with date of parent contact included.

However, if a situation warrants *immediate* removal from the classroom, teachers will contact the office for an administrator. AHHS Teachers/Staff will provide Administration written documentation of the infraction through the on-line referral system.

Consequences described below are *general campus disciplinary guidelines* and may be increased or decreased in compliance with the AHISD Student Code of Conduct. Discipline Management Techniques.

- Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community.
- Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices.
- Discipline shall be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements. (Pg. 8 SCOC).

In all cases, the campus administrator shall take into consideration mitigating factors, such as (1) self-defense (see SCOC); (2) intent or lack of intent at the time the student engaged in the conduct; (3) the student’s disciplinary history; (4) a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct; (5) a student’s status in the conservatorship of the Department of Family and Protective Services (foster care); or (6) a student’s status as homeless.

Because of these factors, discipline for a particular offense, including misconduct in a district vehicle owned or operated by the district, unless otherwise specified by law, may bring into consideration varying techniques and responses. (Pg. 8 SCOC)
Techniques The following discipline management techniques will be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

• Verbal correction, oral or written.
• Cooling-off time or “time-out.”
• Seating changes within the classroom or vehicles owned or operated by the district.

(Techniques continued)

- Expulsion, as specified in the Expulsion section of this Code.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
